specialist in orthodontics and dentofacial orthopedics for children and adults

MOUTH GUARD CONSENT

Please read the following information carefully so that you will understand the conditions under which individuals are being seen. Participation in this service will enable you to receive a custom-constructed mouth guard. It will not, however, make you a patient of record at the office of Dr. James A. Hinesly. In order to do that, an examination appointment must be scheduled.

I hereby give consent to Dr. James A. Hinesly and his team to perform on my child the treatment necessary to construct a custom athletic mouth guard.

I furthermore understand that although the athletic mouth guard is protection for the teeth and soft tissues of the mouth, injuries to these areas are still possible while wearing this appliance and I can claim no liability for these injuries against Dr. Hinesly or his team.

I have been informed that there are some risks inherent in all dental procedures including impression taking and the examination of the teeth and soft tissues of the mouth. I have had an opportunity to discuss any concerns regarding the construction of the athletic mouth guard. I understand and agree to the conditions set forth above.

It's Soccer Time!

My name is Dr. James A. Hinesly and I am an orthodontist that has been practicing in Tecumseh for the past 18 years. My wife, Mary, and I have lived in Ann Arbor for twenty years and it has been a dream of mine to one day, serve my friends and neighbors by opening an office in Ann Arbor. That dream has come to life and I have opened an office on Oak Valley Drive, just around the corner from your soccer facility.

Not only as an orthodontist, but as a former college and professional football player I understand the importance of wearing a mouth guard while playing sports. Protecting a players' safety with proper mouth guards is a passion for which I received special training from the team dentist at UCLA.

My team and I would like to provide, at no cost, a custom made, pressure laminate mouth guard, to the players of the Michigan Tiger Futbol teams. The mouth guards offer state of the art protection. To learn more about the advantages of the pressure laminate mouth guard, go to www.Sportsdentistry.com. These mouth guards will have the Michigan Tiger mascot imprinted in the front and your name on the side. Please note that if you are currently in orthodontic appliances, we are unable to do impressions for a pressure laminate mouth guard due to the constant change in your dentition during orthodontic treatment.

To make the mouth guards, an appointment will need to be made by calling our office, Monday through Thursday, at 734-769-7600. We will be doing the impressions on July 28, and July 29, and again on August 3, and August 5. The mouth guards will be delivered to your team managers when completed. Consent forms will need to be signed and brought to the impression appointment. They are available through your team managers, on your Michigan Tiger website or our website, www.hineslyorthodontics.com. You will also be able to find a map to our office on our website.

We look forward to seeing you!

Keep Smiling,

Dr. James A. Hinesly
